

Model No. **HRLM1**

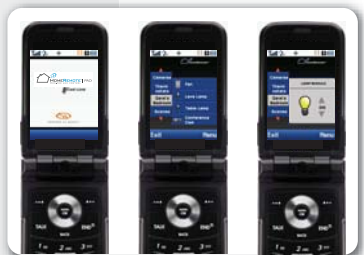

## HomeRemote™ Wireless Lamp Module

Web User Interface

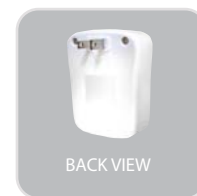

Cell Phone Interface  
(Requires Pro-Level Service)

Dim your lights or turn them on/off from anywhere using a cell phone or a web browser. Create lighting schedules or mood scenes with the touch of a button using the HomeRemote Pro system and the HomeRemote Wireless Lamp Module. The Plug-in lamp module works with most plug-in lamps.

- Plug and play installation
- Wireless control of your plug-in lamps
- On/off and dim settings
- LED feedback for setup and control
- Designed for use with the HomeRemote System and all Z-Wave remote controls
- Also functions as a repeater to extend the range of your wireless home control network

Z-Wave Connection
